

# Why include Pet Granules with canine daily feed?

The Granules are fresh-milled from our own harvested, human food quality wild wrack seaweed, Nature's most nutritious whole food - a whole natural multivitamin. We harvest the seaweed without harm to the marine environment, among the remote conservation islands of the Outer Hebrides in Scotland. From the same seaweeds, we produce a small but unique range of human food products under our Seagreens® brand available on-line or from all good health and natural food stores.

The natural balance of nutrients in these wild ocean vegetables is remarkably similar to that required on a daily basis by most animals including humans. It includes all the micronutrients missing from refined and processed foods and our increasingly mineral-depleted soil.

Regular daily input of even tiny amounts of this comprehensive balance of nutrients means addressing the causes of sustained good health. This is quite different from 'supplementing' specific nutrients - like certain vitamins and minerals - which for some reason may be needed in higher amounts (we advise careful investigation before supplementation). No other food or formulated supplement provides such a comprehensive and balanced range of organic nutrients.

- Rich in amino acids which are the building blocks of protein
- Rich in pigments including chlorophyll which cleanse the blood and kidneys
- Rich in special polysaccharides which cleanse the bowel and remove toxins
- Rich in organic iodine which regulates the metabolism and hormonal system
- All the minerals and trace elements which nourish skin and fur and strengthen bone and claw
- Daily intake of the broad balance of nutrients strengthens immunity and fertility
- Consistent dietary use helps regulate weight and improve digestion and temperament
- Even a sprinkling used with other foods improves the absorption of their nutrients
- A complete natural food with all the basic nutrients for life in a readily absorbable form

## Typical values for 1 gram Organic Pet Granules

- **Vitamins** A (antioxidant carotenoids beta carotene, fucoxanthin and violaxanthin) 178µg, B group (including Folic and Folinic acid, Thiamine, Riboflavin, Niacin, Pantothenic acid, Pyridoxin, Choline and Cobalamin) 8.9µg, C (antioxidant) 1.25mg, D (Cholecalciferol) 0.01µg, E (antioxidant) 0.23mg, H (Biotin) 0.30µg and K (Menadione) 10µg
- **Minerals** Calcium 20mg, Chlorine 35mg, Magnesium 7mg, Nitrogen 10.5mg, Phosphorus 1.5mg, Potassium 25mg, Sodium 35mg, Sulphur 30mg
- **Trace elements** Antimony trace, Boron 0.06mg, Cobalt 5.4µg, Copper trace, Fluorine 0.2mg, Germanium trace, Gold trace, Iodine 700µg, Iridium trace, Iron 575µg, Lithium trace, Manganese 0.03mg, Molybdenum 0.65µg, Platinum trace, Rubidium trace, Selenium 0.15µg, Silicon 1mg, Silver trace, Tellurium trace, Titanium trace, Vanadium 2.3µg and Zinc 0.13mg
- **Amino acids** Histidine trace, Isoleucine 0.53mg, Leucine 5.3mg, Lysine 2.78mg, Methionine 0.68mg, Phenylalanine 0.83mg, Threonine 2.33mg, Tryptophan trace, Valine 2.63mg, Alanine 4.57mg, Arginine 11.17mg, Aspartic acid 4.88mg, Cysteine 0.90mg, Glutamic acid 5.18mg, Glycine 3.90mg, Proline 3mg, Serine 2.25mg, Tyrosine 1.05mg
- **Betaines** Glycine Betaine trace, Gamma Amino Butyric Acid Betaine trace, Delta Amino Valeric Acid Betaine trace, TML (Laminine) trace, L-Carnitine trace, Trigonelline trace
- **Fibre** (Algin, Fucoidin, Mannitol, Methylpentosans, Laminarin, Mannuronic acid, essential fatty acids, and non-starch polysaccharides) 50mg
- **Protein** 75mg, and enzymes, chlorophyll, lipids, lipoproteins, peptides, essential fatty acids and other valuable compounds.

*Feed the foundation of their health*
