Subject: Seagreens - most searched ingredient!

Hi Simon, you happy with the below to go out to all partners?

Dear Partner,

We wanted to highlight to you the incredible progress that is being made by Seagreens, which has been made possible through the continued support of you our partners.

As you can see below, we are now second in the trend of "Most Searched Ingredients" on Innovadex, which is the most powerful search engine in the Life Science, Chemical and Food and Beverage industries.

As our partners, we would greatly appreciate this trend to be disseminated through your networks, to highlight the interest and uptake of Seagreens® Human Food Quality Seaweed.

Next time we will be first!

We look forward to speaking with you soon.

Best regards,

Dr Craig Rose
